Former First Lady Mrs. Melania Trump Selects Gen Justice as a Benefiting Charity for Special Event

Phoenix, Ariz. – Former First Lady Mrs. Melania Trump has selected Gen Justice as a benefiting charity for a special event to increase awareness about the needs of children in foster care. Charitable proceeds received by Gen Justice will support abused children served in the Gen Justice Children’s Law Clinic and initiatives to protect abandoned, abused and trafficked children nationwide.

“Gen Justice’s initiatives support and protect our Nation’s children,” said Mrs. Trump. “We have a shared vision of lifting up and providing support and stability to children in the foster care community.”

Since leaving the White House, Mrs. Trump has dedicated her efforts to helping America’s children, including through Fostering the Future. Fostering the Future is a Be Best initiative with the mission of supporting foster children.

“There are millions of reasons we are thankful to have been selected by Mrs. Trump for this charitable event, and every one of those reasons has a first and last name,” said Darcy Olsen, Founder and CEO of Gen Justice. “The charitable proceeds will directly benefit America’s abandoned, abused and trafficked children.”
